IndiaSkills™
A MANIPAL EDUCATION - CITY & GUILDS INITIATIVE

A career in
the best
beauty salons.
Anywhere in
the world.

Throughout history, the hair and beauty service sector has played a significant role in society. From the Stone Age tribes to their more fashion-conscious descendants of today, people have placed a large premium on looking good.

And naturally so. In today's highly competitive world, appearance is often the first weapon. The mantra that appears to be followed is, 'They that look smart, are smart'. Besides, it's a way of expressing oneself, and gives the feel-good factor associated with looking well-groomed.

The Hair and Beauty Industry. The future looks good.

Beauty and hair styling is an extremely reputed and highly paid industry in the present scenario. This industry is dynamic, challenging and offers a plethora of opportunities.

India is right up there with the rest of the world. Over the last 6-8 years, the hair and beauty industry in India has shown promising growth in terms of job opportunities. Year-on-year, there has been exponential growth in salons, spas, hair and skin clinics with the ever-increasing awareness of fashion and wish for looking good.

This industry, completely service oriented and skill based, employs over 5 lakh people and is worth Rs 12,600 crores.

Start a career with IndiaSkills. In style.

A study says "Hairdressers and beauty experts make up the only group of professionals that loves what it does for a living, as it is very passionate about the industry".

It is the art of making people look gorgeous; a profession which provides ample scope for job satisfaction, because one can actually see the transformation in the client's appearance.

Career Opportunities

- A learner can choose from the multiple roles that the industry offers, based on his/her personal interests and strengths. Salons, spas, hair and skin clinics are in constant search for hair and beauty professionals specialised in skin care, hair care, hair colouring, make-up, nail artistry, parlour management, and product education and training.
- Beauticians are also employed for fashion photography to groom models, or artists in the film industry, all over the world.
- There is also the option of a Diploma in Salon Management, perfect for budding entrepreneurs, who want to start their own business.

A hairdressing course that's cutting-edge.

Course: Diploma in Hairdressing (9807-01)

Duration: 380 hours

Eligibility: 16 years of age

Gain knowledge in the different trends and styles of hairdressing and specialised hair treatments, partial highlighting techniques and colour corrections.

Additionally, the course trains the students for effective communication, efficiency in client handling, salon management, maintaining health and safety standards, and organising the work area.

All this, to impart the learner with skills of international quality, practices and procedures.

Other City & Guilds courses in Beauty: Advanced Diploma in Beauty

Why choose an IndiaSkills course.

- Designed and developed by experts from the industry with equal emphasis on theory and practical skills.
- The courses cover all practical aspects of the profession, focusing on even minute details, to develop world-class professionals with strong fundamentals.
- Along with all the basic and necessary skills required for the job, there is a separate module on salon management, to develop business exposure to learners.
- The design of the courses ensures that learners can perform consultative roles to customers with their knowledge of anatomy, physiology, diets and health aspects.
- IndiaSkills has deep engagements with leading hair and beauty salons for course endorsements, certification recognition, placements and training partnerships.

5 points that make us truly international.

Product: A world-class course relevant to global trends and best practices from the City & Guilds framework. The certification is recognised in over 106 countries.

Training Infrastructure: The classes are conducted in environments similar to the working conditions in the industry. All the latest tools, working aids and infrastructure is provided for maximum learning.

Teaching Methodology: The course is delivered by trained and certified trainers who have prior experience in the industry. The whole course is delivered through a combination of classroom, activity based and hands on training components that ensures that the learners have expertise and exposure in all demands of their job roles.

Faculty: The trainers have to undergo and complete a product specific 'Train-the-Trainer' programme to ensure that they use the best practices available, for maximum learning. The training efficiency is continuously monitored to ensure world-class standards.

Assessment Methodology: To bring out the best in students, assessment is very stringent.

Every topic covered is assessed to check the level of the learner and grade them accordingly. All this is recorded and used as evidence for the final summative assessment which will enable the learner to graduate with a comprehensive skill set. Once again, benchmarked to the international standards of City & Guilds.

IndiaSkills - The coming together of two world-class pioneers in education.

Share our values.

IndiaSkills is a joint venture between two leaders in education - Manipal Education and City & Guilds.
